PROFESSIONAL EXPERIENCE

Manager – Learning Operations | PepsiCo, Hyderabad

October 2025 – Present

Lead team of 6 administering Schoox and Degreed platforms supporting 3,000+ learners across North America. Own operational outcomes, SLA compliance, incident response, and team development.

- Drive global implementation and steady-state operations of digital learning platforms; establish governance forums aligning stakeholders on platform roadmap and priorities
- Own incident and request management through ServiceNow, establishing response protocols and maintaining SLA compliance across the learning platform queue
- Lead country onboarding and enablement activities for new markets; develop operational documentation and process standards
- Manage learning assignment profiles, completion tracking, and access governance across distributed teams
- Partner with platform vendors to ensure platform stability, troubleshoot production issues, and drive continuous enhancements
- Develop and coach the learning operations team, setting standards for service quality and professional growth

Associate Manager – Learning Operations | PepsiCo, Hyderabad

June 2020 – September 2025

Supported global Schoox platform rollout and operations before promotion to Manager.

- Coordinated global platform implementation; managed stakeholder alignment on configuration decisions
- Maintained training records and operational documentation; created dashboards for leadership visibility
- Supported learning program delivery coordination, including trainer onboarding and scheduling
- Managed complex escalations and cross-functional problem-solving

Learning Specialist – Learning & Knowledge | Accenture, Hyderabad

November 2018 – April 2020

Supported classroom, virtual, and blended learning programs in a global delivery environment of 500+ concurrent learners.

- Coordinated end-to-end training delivery including venue logistics and platform setup for 50+ annual programs
- Maintained learning records and curriculum repositories; created participation reports for stakeholders
- Provided operational and instructional support to trainers and facilitators

Analyst – Training & Knowledge | Deloitte, Hyderabad

February 2017 – February 2018

Supported SABA LMS implementation and operations for enterprise clients.

- Supported LMS implementation including configuration review and stakeholder enablement
- Managed learning-related support requests through ticketing systems
- Provided consultative guidance on LMS features and reporting

Analyst – Learning Development | Standard Chartered GBS, Chennai

May 2015 – February 2017

Managed end-to-end learning operations for financial services business.

- Managed learning operations for 1,000+ employee audience, including training needs analysis and calendars
- Administered multiple eLearning platforms; maintained MIS dashboards and audit-ready documentation
- Ensured compliance with internal learning governance standards

Learning Specialist – Talent & Development | HCL Technologies (Collabera), Bangalore

February 2014 – January 2015

Coordinated behavioral and professional skills training programs across multiple locations.

- Coordinated end-to-end execution of training programs across 3 locations for 200+ participants annually
- Administered SABA iLearn LMS; supported access, enrollment, and utilization reporting
- Prepared comprehensive learning reports including participation and assessment results
