PROFESSIONAL SUMMARY

Learning Operations professional with over a decade of experience across enterprise LMS administration, global shared-services transitions, and learning delivery. Career has progressed from hands-on training coordination into functional ownership of major enterprise learning platforms, led primarily through SAP SuccessFactors Learning, with additional depth in Cornerstone OnDemand and SABA, and a track record of leading platform transitions, stabilizing newly established operating models, and coordinating stakeholders across regions and time zones. Adept at converting ambiguous, newly transitioned processes into documented, reliable operations through structured knowledge transfer and hypercare, and increasingly fluent in applying AI and automation tools to streamline learning operations. Equally effective as a senior individual contributor or in guiding the day-to-day work of a small team, with a consistent focus on operational stability, platform expertise, and stakeholder trust.

- AI-Assisted Productivity & Documentation (Microsoft Copilot, Power Apps/Power Automate, ChatGPT, Claude)

PROFESSIONAL EXPERIENCE

Manager – Learning Operations | PepsiCo

October 2025 – Present | Hyderabad, India

- Provide day-to-day operational direction to a small learning-operations team, guiding priorities, coaching on platform workflows, and ensuring consistent service delivery across the group.
- Own end-to-end Schoox operations while supporting the organization's broader use of SAP SuccessFactors Learning and Degreed, partnering closely with L&D and business stakeholders on assignments, completions, and reporting needs.
- Serve as the escalation point for ServiceNow queue activity, resolving complex requests and maintaining clear operating documentation for the team.
- Champion continuous improvement across reporting, automation, and platform-transition readiness, mentoring team members on evolving workflows.
- Build advanced Excel-based reports and dashboards and prepare executive-ready PowerPoint presentations to track operational performance and support leadership reviews.
- Apply Microsoft Copilot, Power Apps/Power Automate, and ChatGPT/Claude across Teams, SharePoint, ServiceNow, and PowerPoint to streamline daily documentation, reporting, and stakeholder communication.

Associate Manager – Learning Operations | PepsiCo

January 2022 – September 2025 | Hyderabad, India

- Played a key role in the transition, implementation, go-live, and stabilization of Schoox for PBNA and PFNA, supporting both frontline and salaried learning populations.
- Helped move locally managed learning processes — including spreadsheet-based tracking and distributed regional practices — into standardized Schoox workflows backed by documented operating procedures and knowledge transfer.
- Supported deployment of Schoox to additional regions, coordinating learning setup, assignments, academy and organizational structures, learner and manager access, certificates, reporting, and operational handover.
- Worked across Schoox, SAP SuccessFactors Learning, and Degreed as platform needs evolved, managing LMS-related requests and escalations through ServiceNow and resolving access, assignment, completion, visibility, and reporting issues with stakeholders.
- Supported delivery and reporting for a European Accelerated Leadership Program for emerging and first-time managers, coordinating virtual program execution across time zones.

Deputy Manager – Learning Operations | PepsiCo

June 2020 – December 2021 | Hyderabad, India

- Supported the end-to-end transition of Australia and New Zealand learning operations from local country teams into PepsiCo's Hyderabad GCC/shared-services model.
- Coordinated SAP SuccessFactors Learning administration for the transitioned operations, including item/course creation, class and session setup, assignment profiling, learner enrolment, completion updates, and reporting.
- Participated in process discovery and knowledge-transfer sessions using Epiplex and Zoom, converting transferred knowledge into Visio process maps, desktop procedures, and operating documentation.
- Executed shadowing, reverse-shadowing, sign-off, hypercare, and BAU handover activities to establish a sustainable operating model.
- Coordinated facilitator and vendor activities, learner communications, virtual-session support, attendance, and completion tracking as part of end-to-end training operations.

Learning & Development Specialist | Accenture

November 2018 – April 2020 | Hyderabad, India

- Coordinated end-to-end classroom, virtual, and blended learning delivery in Cornerstone OnDemand, including schedules, facilitator support, learner communications, learning records, and reporting.

Analyst – Training & Knowledge | Deloitte

February 2017 – February 2018 | Hyderabad, India

- Supported SABA LMS implementation and operations, learning-related requests, documentation, and stakeholder enablement in an enterprise delivery environment.

Analyst – Learning Development | Standard Chartered GBS (Scope International)

May 2015 – February 2017 | Chennai, India

- Managed end-to-end learning administration across instructor-led, virtual, and e-learning channels, maintaining learning records, reporting, and operational coordination.

Learning Specialist – Talent & Development | HCL Technologies

February 2014 – January 2015 | India

- Coordinated behavioral and professional learning programs across locations and administered SABA iLearn for program creation, learner communication, enrolment support, and learning records.
